

INVITATION

DETAILS FOR REGISTRATION

CME on Gray Zones and Recent Updates in Breast, Thyroid, Broncho-pulmonary and Cervical Cytology

June 4-5, 2018

Organised by

**Division of Cytopathology
National Institute of Cancer
Prevention & Research, Noida**

Under the aegis of

Indian Academy of Cytologists

Patron

**Prof. Ravi Mehrotra
Director NICPR**

Dear Colleagues,

Cytopathology specialty is evolving rapidly through amalgamation with molecular biology, immunochemistry and cytogenetics for establishing evidence-based precise diagnosis to enable personalized therapeutic interventions. However, this has also led to recognition of various diagnostic challenges and gray areas in interpretation of the lesions, which may be relatively unsettling for young and unwary pathologists. In view of this, Division of Cytopathology, NICPR, is organizing a CME on Gray Zones and Recent Updates in Breast, Thyroid, Broncho-pulmonary and Cervical Cytology to assist the pathologists in circumventing these challenges.

The scientific program comprises of **deliberations by eminent cytopathologists** drawn from various institutes of Delhi and beyond. Panel discussions and potpourri of interesting cases has also been included for an exciting and interactive academic feast.

We look forward to your active participation in the CME.
